

NOICE 25

NATO Open Innovation Conference & Expo

COPENHAGEN | JUNE 2 - 4

*"NATO and Nations are working to accelerate innovation,
and to accelerate, we need to collaborate. At NOICE25,
nothing stops us from collaborating here and now."*

- Brigadier General Thorsten Jørgensen,
ACOS Requirements

Welcome to the second NATO Open Innovation Conference & EXPO. Last year, NOICE24 was the first event of its kind, bringing together a diverse audience that NATO has often not been in direct contact with: Innovation Practitioners. This community of doers, deviants and drivers of innovation in Allied military services is vast, operates at the working level and knows where innovation needs to make an impact: in the hands of the warfighter.

The entities you come from – your home stations - are vastly different in composition, resources, reach and strategic embeddedness. Last year we saw that this community is willing to come together; this year we will push the envelope one step further: we will prove that we can work together, right here and now. I am excited to have all of you here in Copenhagen, and look forward to a successful and inspiring NOICE25.

GENERAL INFORMATION

CATERING

At NOICE25, food trucks will be available for attendees to buy lunch. During the conference, coffee and refreshments will be provided by the venue at no cost.

SECURITY GUIDELINES

Please follow the instructions of our staff and the staff of the Plant. Our staff will be recognizable by their shirts with NOICE-logo. We will have a security offices on-site, who will be introduced at the start of each day. Please remain vigilant and report any suspicious activity or security concerns to event staff or our security officer immediately.

For life-threatening situations requiring emergency services, call the alarm-number of Denmark, 112, from any device with cell service and notify event staff and our security officer immediately.

SOCIAL MEDIA AND MEDIA

You are free to take and post pictures during NOICE25. We will also have a media team on-site capturing images and conducting video interviews during the event. We would love to see how you experienced NOICE25! Feel free to share on social media and use the hashtags [#NOICE25](#), [#WeAreNATO](#), [#WeAreInnovators](#).

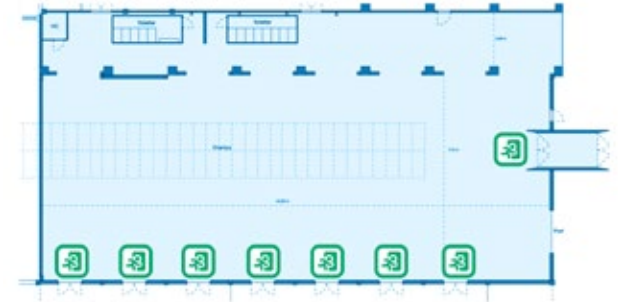

Additionally, we would kindly ask you to tag us in your posts on LinkedIn: [@NATO Innovation Network](#).

If you have any questions related to media during or after the event, please contact our staff on-site or reach out to NOICE@innovationhub-act.org.

EMERGENCY INFORMATION

Should an emergency occur that requires evacuation, an alarm will sound and we will announce evacuation over the speaker system. The meeting point in case of an evacuation is in front of the building in the parking lot.
